Drainage Solutions

In addition to specialist drain cleaning, DALROD services include: CCTV drain surveys, drain reinstatement and relining, sewer renovation and pump maintenance solutions – all with a **24/7 emergency service**.

- Drain Cleaning
- CCTV Drain Surveys
- Waste Disposal
- Sewer Renovation
- Drain Relining
- Lateral Reinstatement
- Pumping Solutions
- 24/7 Call Out

Since 1985 DALROD have been providing cost-effective solutions to drainage issues. Our depots across East Anglia, the Midlands and the North of England, along with our various service centres, are strategically placed in order for us to confidently provide a genuine 24 hour service to the whole of the UK.

### Swift response to any problem

Our growing team of highly trained engineers are fully armed with the skills and knowledge which enable us to tackle any drainage issue in the shortest time possible.

DALROD employ a team of highly trained engineers with good communication skills, each of whom is equipped with the best tools and machinery available to the trade. Our customers can therefore be assured that we have the right people with the right equipment to carry out any job to completion. Experienced staff are constantly ready to answer calls and assign trained engineers to visit the problem at hand.

## Complete drain, sewer & pump solutions

Lateral Reinstatement Units

## Quality service & value whatever the location

DALROD continues to expand across the UK with service depots in locations ranging from Newcastle to Essex and from the Wirral in the North West to Ipswich on the East Anglian coast. As a company, we are dedicated to offering the same high levels of quality service and value no matter what the location.

## Accreditations mean peace of mind

DALROD's many accreditations give our customers peace of mind and confidence in our company. All employees undergo extensive in-house training and attend numerous professional training courses prior to going out on site alone. The work carried out by our fully trained, quick response team is fully guaranteed. Our main objective is to give our customers confidence in the operation of this company and the service it provides.
